It Took Ten Hard Fought Innings to Settle It.

WEBSTER'S GOOD PITCHING.

gistey and Barr Did Good Work With the Stick-Contest Ends With a Score of 6 to 5,

It required ten hard fought innings to settle the dispute yesterday afternoon between the Denver Neefs, to be known hereafter as the Lagoon team, and the Salt Lakes, down at the league park. It was only an exhibition game, and the Salt Lake players are glad of it for it does not count in the schedule. The thing started out with Griffin's men at the hat, and for a time it looked exceedingly good for them. Risley came to the bat first and smashed out a twobagger followed by another by Barr,

and a single from Webster, the three hits bringing in two runs.

Morrow fanned, Pace got soaked in the slats and Hale got to first on an er-ror of pitcher, but McCausland and Webster went out on a double-play. Webster pitched a splendid game for the home lads and the new-comers only got one small bite of a hit in the first got one small bite of a hit in the lifst faning and nothing at all in the second. The only time when the hits showed anything like a bunch was in the fourth when Stoney, Hoffer and Cotton each found one. Webster gave but one pass, Loge scored in the first and third and three yellow boys came

galloping home in the fifth. In the eighth the score was tied, 5 to 5, and each drew a blank in the minth. In the Sait Lakes half of the tenth page, Hale and McCappland me tenth Pace, Hale and McCausland went out one, two three and Newmeyer came to the bat for the Neefs, He got a nice single and "Buck" Weaver made a sacrifice. Want Salt Lake Players.

It now seems most likely that Boise will see some really good ball this sum-mer, says the Boise Capital. There is no reason why this should not be t case. The appointments at the Park are excellent, as good, in fact as can be found anywhere in the northwest. When the field shall have settled it will be as fine as can be found anywhere.

Messrs. Stone & Livingstone are en titled to much credit for the enterprise displayed in this matter and Boise will respond generously if the sport produced is up to standard. We need good ball team. Those rubber-jointed lads from Caldwell and Nampa are dangerous lots and they need to pass under the rod in order to tone down their haughty and exuberant spirits. KATZ-WELLS WEDDING. Ceremony Performed as Foreshadowed

in Last Evening's "News."

The wedding of Gov. Heber M. Wells and Miss Emily Rate which took place ast night, besides being the most notable will rank among the prettiest of the year. The home of the bride, at which the event took place, was dec-orated with a profusion and taste that converted it into a floral bower, and from 7 o'clock the hour at which the eremony was performed until eleven the scene was one of beauty, brilliance and gajety. The lawn and porch were bright with ropes of electric lights and rugs, couches and cushions distributed on the grass, furnished cosy nooks and resting places for the guests—the orchestra, stationed on the porch, ending its sweet strains to heighten he pretty effect. Inside was a scene of toral beauty. Palms stood about in corners, sprays of ferns decorated the curtains, feathery asparagus and bows of ribbon covered the chandaliers and picures, and American beauty roses and arnations were everywhere arranged ith artistic skill. In the parlor a solid curtain of marguerites and ferns covof plumosa bended above with pretty plume effect.
